

Using Google Drive app on android:

1. Open the drive app
2. Choose the + sign at the bottom right

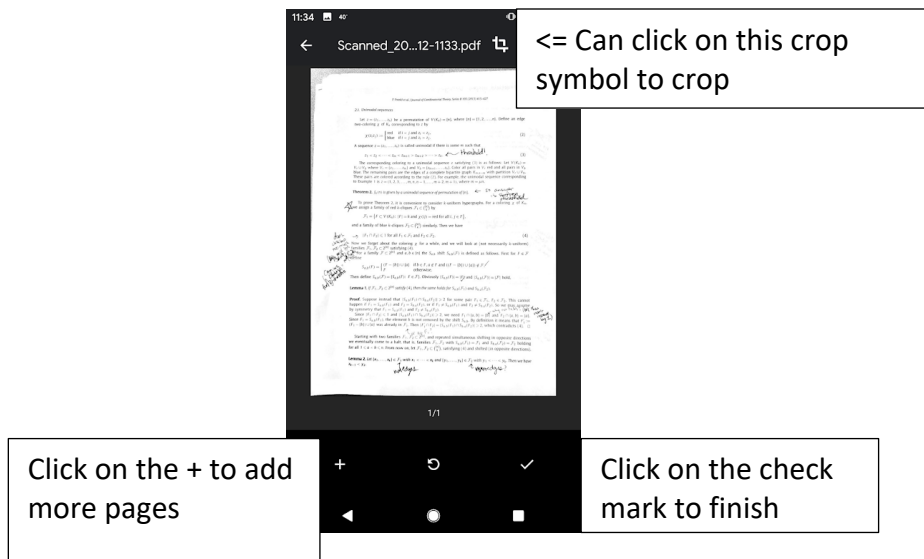

<= Click on that
multicolored plus sign.

3. Choose Scan

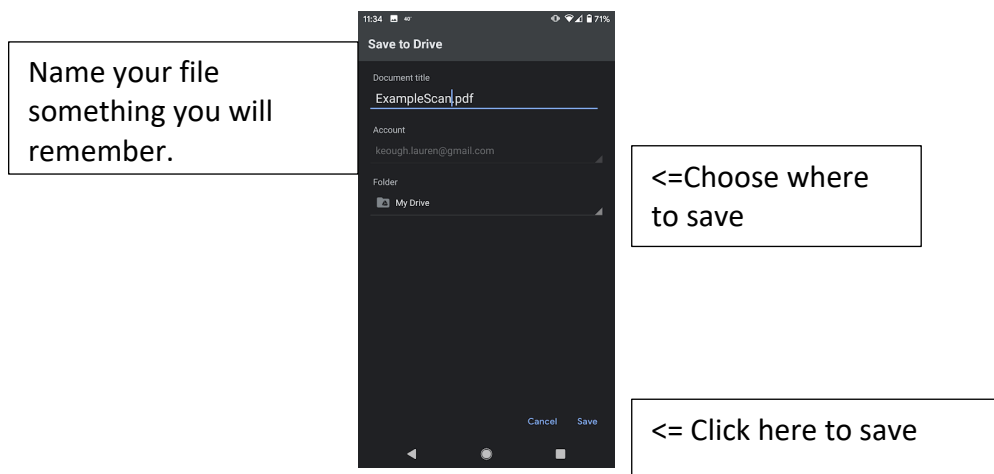

<= Choose scan

4. Take a picture. By clicking the button in the center bottom and then clicking the check mark.

5. Save to your drive (perhaps give it a name you can find later).

6. Upload to Blackboard under the class preparation link!
